SUBJECT : Organizational Charts of Major Components

The Director has asked that a notebook be assembled containing the Table of Organization of your major components, i.e., at the office or division level. These charts should contain the names of key officers occupying the principal positions. I would guess that existing organizational charts would suffice, but I would be happy to review any that you have questions about before your final submission, which is due here 13 March. Please include a second set for the DDCI's possible use.
